- Ambitious – We are ambitious for our communities and citizens
- Courageous – We recognise our challenges and are prepared to make courageous decisions
- Empowering – We empower and support our people by giving them the opportunity to do their jobs well.

About the Service

Our aim is to create an environment where families are supported to stay together safely and live well in their communities by building on their strengths.

This is the right thing to do. Families tell us they do not want to be in services and evidence says that lives are better when needs can be met early within the family or community.

Working in this way is also more sustainable. We can support more families to live better lives if we focus on addressing needs as early as we can. This report details the changes we have already made across the children and families system.

We will continue to build a strengths-based approach which will promote a culture of inclusion and support to enable children to achieve their best outcomes.
