Our values are at the heart of the Strategy to ensure that the focus is on what is important to the organisation and the people it serves:

- Ambitious – We are ambitious for our communities and citizens
- Courageous – We recognise our challenges and are prepared to make courageous decisions
- Empowering – We empower and support our people by giving them the opportunity to do their jobs well.

About the Service

Insight has evidenced that Staffordshire is a great place to live. Most families are happy, safe and have loving homes, however there are some families who face challenges that mean they cannot thrive in the way they want to.

We are committed to developing a system and a way of working that will enable Staffordshire's children to thrive within their own families and communities by addressing the root causes of difficulties for the whole family at the earliest point.

Staffordshire's Children & Families directorate aims to:

- a. Maximise the achievement of better outcomes for families in Staffordshire using all available resources, effectively and efficiently.
- b. Support safer, healthier, thriving children whose needs are met within their families and communities where it is safe to do so, reducing the need for higher cost, complex interventions.
- c. Provide a high-quality statutory Children's Service (Staffordshire County Council's children's services are currently rated as "Good" by Ofsted) that only works with those children and families who require this specialist level of intervention.

Our commissioning is focused upon reducing demand. We recognise that our commissioning must be evidenced based and future focused. Whilst the service within the cusp of statutory care is dealing with the issues that are presenting today, we expect to commission services, relationships and practice smartly to prevent those issues presenting in the future.
