

Community Highway Technician Grade 9

Our Vision

An innovative, ambitious and sustainable county, where everyone has the opportunity to prosper, be healthy and happy.

Our Outcomes

We want everyone in Staffordshire to:

- Have access to more good jobs and share the benefit of economic growth
- Live in thriving and sustainable communities
- Be healthier and more independent for longer

Our Values

Our People Strategy sets out what we all need to do to make Staffordshire County Council a great place to work, where people are supported to develop, flourish and contribute to our ambitious plans. Our values are at the heart of the Strategy to ensure that the focus is on what is important to the organisation and the people it serves:

- Ambitious – We are ambitious for our communities and citizens
- Courageous – We recognise our challenges and are prepared to make courageous decisions
- Empowering – We empower and support our people by giving them the opportunity to do their jobs well.

About the Service

Directorate Purpose

Staffordshire County Council is one of the largest local authorities in the UK with an ambitious vision for Staffordshire and its people. Achievement of that vision will be underpinned by the support of the Council's Economy, Infrastructure and Skills directorate (EI&S). The vision for EI&S is to help

Staffordshire's economy grow, so that everyone has the opportunity of a good job and good prospects in a beautiful, safe, accessible, vibrant, cultural, prosperous, business friendly and sustainable county.

Service Purpose

The Highways & Built County team is a multi-disciplinary team whose purpose is to manage, maintain and sustainably improve Staffordshire's Built Environment so that amongst other things it is safe, accessible, functions well, promotes inward investment and economic growth, and supports social cohesion and healthy lifestyle choices.

This will be achieved by:

- Keeping the network in the best condition possible with resources available using asset management to enable the lowest whole life cost of asset ownership.
- Supporting Staffordshire's economy to grow, generating more and better-paid jobs ensuring that work on the highway is of the required quality.
- Improving customer satisfaction with Staffordshire County Council and enhance its reputation.
- Ensuring that highway information required to manage and maintain the network and support asset management decisions is available, is held in the best place is accurate and of the required quality.
- Taking action to reduce waste generation, re-use resources where possible, reduce energy use, increase sustainable travel, adapt to climate change already taking place and for the future.
- Keeping the network safe for all users, improving network resilience and availability, providing a freer flowing network, supporting events on the highway and where issues do occur, efficiently and effectively administering claims.
- Keeping people safe from harm, empowering people to deliver and grow, innovate, share knowledge and best practice.

Role purpose:

The Community Highway Technician will provide technical expertise to deliver local priorities including activities ranging from delivering small-scale projects to commissioning large-scale highway improvement.

Reporting Relationships

Responsible to: Community Highway Manager OR Community Highway Hub Manager

Responsible for: Such staff (internal, external or seconded) as may be placed under the postholder's control from time to time

Key Accountabilities:

1. Proactive Community Highways team member ensuring consistent work practices in line with approved policies, procedures and the strategic aims of the Council. Delivering a customer focused, modern professional service, challenging work practices as required and playing their part in a healthy and high performing team.
2. Actively monitor the performance of those elements of the service for which the post holder is responsible.
3. Provide Highways expertise and management of the Council's duties and activities to successfully deliver large-scale complex programmes ensuring contract compliance, quality and value for money are achieved.
4. Contribute to the development and improvement of processes, procedures and quality management systems as appropriate by maintaining an awareness of the external environment in order that best practice can be adopted and developed.
5. Operate within pre-defined project budgets and funding ensuring delivery is on-budget and recorded. Seek out and apply for new and alternate funding opportunities to support the further development of member and community initiatives.

6. Committed to continuing professional development and the acquisition of new skills, being prepared to undertake further training as and when required.
7. Support the management and implementation of health and safety, environmental and quality management controls to ensure compliance with legislation, Council policies and best practice.
8. Provide high quality and effective member support for all highway issues, building trusted relationships and signposting to responsible leads as appropriate.
9. Using technical knowledge and expertise, undertake investigations and liaison with other specialists to develop solutions for local priorities and road safety schemes; including the preparation of reports and technical drawings.
10. Assist with the commissioning of delivery resources, within allocated budgets/resources, by preparing project briefs. Ensure commissions are delivered to the required standard in accordance with policies, specifications, H&S requirements, programmes and budgets, and that effective reporting, communications and engagement takes place.
11. Create and maintain effective internal and external stakeholder, political and public relationships through proactive and reactive engagement, consultation and communication. Represent the County Council at public / local council meetings (working outside normal office hours as necessary).
12. Respond to all matters raised by the local community, their representatives and other stakeholders in relation to traffic management and road safety; providing expert advice and guidance on what can be achieved within budgetary and legislative constraints.
13. Ensure the delivery of all local priority schemes is informed by local insight as well as meeting necessary specifications, legal regulations, H&S requirements and best practice standards.
14. Design and facilitate delivery of small schemes that meet necessary H&S requirements and allocated budget and resources.

15. Provide traffic management support, advice and guidance for wider Highways teams.
16. Monitor and report countywide progress on delivery of Member priority work programmes.

Professional Accountabilities:

The post holder is required to contribute to the achievement of the Council objectives through:

Financial Management

Personal accountability for delivering services efficiently, effectively, within budget and to implement any approved savings and investment allocated to the service.

People Management

Engaging with People Management policies and processes

Equalities

Ensuring that all work is completed with a commitment to equality and anti-discriminatory practice, as a minimum to standards required by legislation.

Climate Change

Delivering energy conservation practices in line with the Council's climate change strategy.

Health and Safety

Ensuring a work environment that protects people's health and safety and that promotes welfare, and which is in accordance with the Council's Health & Safety policy.

Safeguarding

Commitment to safeguarding and promoting the welfare of vulnerable groups.
