Our Vision: Children who cannot live in their family of origin achieve emotional, physical and legal permanence; growing up in loving homes with adults who provide them with a strong sense of security, continuity, commitment and identity.

Our Mission: To improve outcomes for Looked After Children and Previously Looked After Children, through a regional partnership; maximising resources and capacity, delivering flexibility, and leading to sustainable improvements in practice and service delivery.

Our Strategic Outcomes:

- I) Children entering care, who require long-term/permanent care away from their birth parents, will achieve emotional, physical and legal permanence, giving them a sense of security, continuity, commitment and identity.
- 2) Prospective Adopters, Adopters, Foster Carers, Connected Persons and Special Guardian's will feel better supported throughout their journeys, providing local, safe, resilient, caring, stable and loving homes for children.

About Together4Children:

4 Local Authorities, Staffordshire County Council, Stoke-on-Trent City Council, Shropshire Council and Telford & Wrekin Council have come together in an innovative and forward-thinking Partnership.

We are working together to improve outcomes for those children who enter care and are not able to return to their families of origin. We aim to ensure that our children achieve emotional, physical and legal permanence; growing up in loving homes with adults who provide them with a strong sense of security, continuity, commitment and identity.

Together4Children operates through a hub and spoke model enabling Local Authorities to benefit from core central functions and networked regional delivery, whilst retaining direct service delivery functions within their own borders. This ensures the Partnership reflects the local context, adapted to meet the needs of local children and families, and maintains clear links to local Children & Families Services.

The Together4Children Partnership provides the Regional Adoption Agency for the partner Local Authorities. By working together, we aim to:

- Make best use of our collective resources to recruit, assess and support prospective adopters and foster carers across the region.
- Improve the quality and speed of matching for children through better planning and by having a wider choice of families.
- Provide high quality support to children and their families delivered through a combination of direct provision and effective partnerships.

- Provide all children and their families with the right support at the right time through a consistent permanency support offer available across the region.
- Respond to the regulatory requirements in respect of Adoption (including Non-Agency Adoptions and Intercountry Adoption).
